#### ANNUAL SHORESIDE PROCESSOR EDR

Introduction

This report collects information on Bering Sea and Aleutian Islands Management Area (BSAI) crab operations, including Western Alaska Community Development Quota Program (CDQ) crab fisheries. These fisheries are referred to as Crab Rationalization fisheries (CR fisheries). Pursuant to the legislation, the data and identifiers will also be used for program enforcement and determination of qualification for quota shares. Consequently, identifiers and data will be disclosed to NOAA Enforcement, NOAA General Counsel, the Antitrust Division of the Department of Justice, the Federal Trade Commission, and NOAA Restricted Access Management Program.

You have received this form because our records show that you are either the owner of a shoreside processor that participated in the BSAI crab fisheries in the past or were leased a shoreside processor that participated in the BSAI crab fisheries in the past. You are required to submit the Certification Pages (pages 5 and 6) and any additional information requested in the Economic Data Report (EDR). Failure to submit an EDR form when required will result in delay in and/or acceptance of any and all crab permit applications.

To make sure that each company is consistently and accurately completing the EDR, random audits will be performed by a qualified accountant on some of the EDRs for a subset of the crab fishery participants. This step will ensure that the data can be relied upon to produce accurate and reliable information for the Alaska crab fisheries.

Auditors will verify records by comparing specific elements of the report with your accounting records. To make this activity as efficient and non-intrusive as possible, we suggest that you:

1. Keep a copy of the completed EDR or certification pages you submit to the Data Collection Agent (DCA). Copy and attach extra sheets as needed.

2. Keep a file that has all of the supporting information used in the preparation of the EDR.

3. Make sure that the EDR agrees to the company's highest level of financial information. For this purpose, the highest level of financial information is defined in order as:

- a. Audited financial statements
- b. Reviewed financial statements
- c. Compiled financial statements
- d. Tax returns.

Record only whole numbers. Round up dollar figures to the next highest dollar.

#### Annual Shoreside Processor EDR - Calendar Year January 1 – December 31, 2005

If YOUR label address is incorrect or missing, please correct the error on the label or print your permanent name and address here.

#### NOTE:

Any owner or leaseholder of a shoreside processor during any period in the calendar year identified on the EDR in which the processing facility was used to process crab in a Crab Rationalization (CR) fishery must submit to the DCA, at the address provided on the form, an EDR for a shoreside processor.

**Definition of "Leaseholder"**: For the purpose of defining the persons responsible for submitting the EDR, a Leaseholder is a person, other than the owner of the processing facility for which the EDR is required, who: was identified as the leaseholder, in a written lease, of the processing facility, **OR** paid expenses of the processing facility, **OR** claimed expenses for the processing facility as a business expense on schedule C of his/her Federal Income Tax Return, or on a State Income Tax Return.

#### 5. Raw Crab Purchases from Delivering Vessels

Record the following information on raw crab purchases from delivering vessels in tables below. Record information for each CR fishery in which raw crab was purchased. Leave the table blank for any fisheries in which no raw crab purchases were made.

#### Crab Size

Record the crab size from Table E for each species. If different sizes of crab were purchased in a CR fishery, record the amounts on separate lines.

#### Crab Grade

Record the crab grade from Table F for each species. If different grades of crab were purchased, record the totals for each species on separate lines.

#### **Raw Pounds Purchased**

Record the total pounds of raw crab purchased, by size and grade for each crab species.

#### **Gross Payment**

Record amount paid to fishers for raw crab purchased from each crab species. Gross payment includes the value of any taxes paid on behalf of delivering vessels. Include any post-season adjustments in the gross payment totals.

#### 6. Plant Costs

#### 6.1 Costs for BSAI Crab Production Only

In Table 6.1, record the BSAI crab fishery operating costs for this plat. These are costs that are incurred by this plant solely in the BSAI Crab fisheries. Section 7.2 will ask for information on costs that cannot be tied exclusively to the BSAI crab fisheries. Include any taxes paid on the listed items (e.g. fuel tax, sales tax) in the totals.

a. Total of fisheries taxes which include the Alaska fisheries business tax, SMAA taxes, and other local sales tax on raw crab: the sum of all direct tax payments you made to a city, borough or the State of Alaska as a result of processing BSAI crab at this plant for the year, excluding property taxes and landing taxes paid on behalf of fishermen.

**b.** Processing and Packaging Materials, Equipment, and Supplies: the total cost of all processing supplies (gear, knives, gloves, boots, etc.) and packaging materials (such as banding or strapping material, shrink-wrap, pallets, etc.) purchased for processing BSAI crab products at this plant in calendar year 2005. List the city and state where the seller you bought these items from is located.

**c. Food and Provisions:** record the total cost of these items if they are provided to processing workers free of charge (i.e., as part of their contract). Do not include the wages paid to employees responsible for food preparation, cooking, and clean up.

**d. Other Costs for Direct Crab Labor:** record the total costs for transportation and housing, payroll taxes, workmen's compensation, medical expenses, social security and insurance benefits, recruitment, training, and education.

**e. Insurance deductibles paid for accidents:** include any insurance deductibles paid for accidents that occurred on the vessel. Exclude any repair or medical costs paid by the insurance claim (i.e., only list your out-of-pocket expense).

**f. Re-packing Costs:** record the total amount you spent to re-pack any of the BSAI crab products you processed in this plant during the year.

**g. Broker Fees and Promotions for BSAI Crab Sales:** record the sum of all fees paid to brokers for sales and promotion of BSAI crab for each CR fishery for the 2005 calendar year.

h. Observer Costs: record the sum of all observer fees paid in each CR fishery for the year.

**i. Freight Costs for Supplies to the Plant:** total expenses for having equipment/items used in this plant (for BSAI crab only) shipped to you.

**j. Freight and Handling Costs for Processed Crab Products From the Plant:** record the freight and handling costs you incurred during the sale and delivery of processed products during the year. If storage costs were incurred while shipping these products, include the costs here and *do not* include them in "k. PRODUCT STORAGE."

**k. Product Storage:** record the total cost of storing processed BSAI crab products during the year.

**I. Water, Sewer, and Waste Disposal**: record your annual crab-specific costs for these items for this plant.

**m. Other Crab-specific Costs; Specify:** list the total cost of other significant expenditures incurred in 2005 that were specific to BSAI crab processing not included in any of the other categories (e.g., IPQ lease or purchase costs, association or accounting fees). Please describe the nature of the expense(s) and do not list costs to be recorded in Sections 6.2 or the costs of permits or licenses..

## 6. Plant Costs

#### 6.2 Annual Plant Costs

In Table 6.2, please record all of the following costs that were incurred for **this plant only** during the 2005 calendar year. Indicate if these costs were incurred for the BSAI crab fishery only by checking "Yes" under "Crab-only Cost". Otherwise, check "No" and these costs will be averaged out over *all* your crab and non-crab activities during the year.

**a. Fuel, Electricity, Lubrication and Hydraulic Fluids:** Record the total annual cost of fuel, electricity, lubrication & hydraulic fluids used in BSAI crab processing.

**b. Investments in Plant and Equipment:** Total cost of improvements to plant and equipment for the year. This includes the costs of all assets that were purchased in 2005 and will be depreciated for tax purposes. List the city and state where the seller you purchased the improvements from is located. Exclude standard repairs and purchases that are necessary to conduct operations.

**c. Repair and Maintenance (R&M) for Plant and Equipment:** Record the repair and maintenance expenses for maintaining this plant and repairing mechanical and physical problems with the plant or equipment (exclude investment expenditures reported for item 6.2a) Exclude expenses or repairs that result solely from non-crab processing. Do not include salaries of employees whose job is to perform R&M (include these costs in Section 6.2.d). List the city and state where the business or person providing the R&M is located.

**d.** Number of employees and salaries for foremen, managers and other employees: Record the number of any additional plant employees and the total payment for wages and salaries not included in direct labor costs reported in Section 3.1.

**e.** Other Plant-specific Costs; Specify: list the total cost of all other significant plant-specific expenditures incurred in calendar year 2005 that were not included in any of the other categories. Please specify the nature of the expense(s) and do not list costs recorded in Section 6.1.
