ANNUAL CATCHER/PROCESSOR EDR

Introduction

This report collects information on Bering Sea and Aleutian Islands Management Area (BSAI) crab operations, including Western Alaska Community Development Quota Program (CDQ) crab fisheries. The fisheries are referred to as Crab Rationalization fisheries (CR fisheries). Pursuant to the legislation, the data and identifiers will also be used for program enforcement and determination of qualification for quota shares. Consequently, identifiers and data will be disclosed to NOAA Enforcement, NOAA General Counsel, the Antitrust Division of the Department of Justice, the Federal Trade Commission, and NOAA Restricted Access Management Program.

You have received this form because our records show that you are either the owner of a catcher/processor that participated in the BSAI crab fisheries in the past or were leased a catcher/processor that participated in the BSAI crab fisheries in the past. **You are required to submit the Certification Pages (pages 5 and 6) and any additional information requested in the Economic Data Report (EDR). Failure to submit an EDR form when required will result in delay in and/or acceptance of any and all crab permit applications.**

To make sure that each company is consistently and accurately completing the EDR, random audits will be performed by a qualified accountant on some of the EDRs for a subset of the crab fishery participants. This step will ensure that the data can be relied upon to produce accurate and reliable information for the Alaska crab fisheries.

Auditors will verify records by comparing specific elements of the report with your accounting records. To make this activity as efficient and non-intrusive as possible, we suggest that you:

1. Keep a copy of the completed EDR or certification pages you submit to the Data Collection Agent (DCA). Copy and attach extra sheets as needed.
2. Keep a file that has all of the supporting information used in the preparation of the EDR.
3. Make sure that the EDR agrees to the company's highest level of financial information. For this purpose, the highest level of financial information is defined in order as:
 - a. Audited financial statements
 - b. Reviewed financial statements
 - c. Compiled financial statements
 - d. Tax returns.

Record only whole numbers. Round up dollar figures to the next highest dollar.

If YOUR label address is incorrect or missing, please correct the error on the label or print your permanent name and address here.

NOTE:

Any owner or leaseholder of a catcher/processor during any period in the calendar year identified on the EDR in which the catcher/processor was used to process crab in a Crab Rationalization (CR) fishery must submit to the DCA, at the address provided on the form, an EDR for a catcher/processor.

Definition of “Leaseholder”: For the purpose of defining the persons responsible for submitting the EDR, a Leaseholder is a person, other than the owner of the catcher/processor for which the EDR is required, who: was identified as the leaseholder, in a written lease, of the catcher/processor, **OR** paid expenses of the catcher/processor, **OR** claimed expenses for the catcher/processor as a business expense on schedule C of his/her Federal Income Tax Return, or on a State Income Tax Return.

3.2 BSAI Crab CDQ and IFQ Lease Costs
--

In the table below, please record the totals for CDQ and IFQ *owned by other entities* that were harvested or processed by this catcher/processor in the listed BSAI Crab fisheries. Please include all quota obtained, through either a formal lease or informal agreement (such as stacking or pooling within harvest cooperatives or harvest of IFQ held by crew).

If you had an arrangement under which you harvested or processed another holder's quota and paid them a percentage (for example, 70%) of the revenues from the harvested or processed quota, record the total pounds and the total dollar amount of the revenues paid to the quota holders(s), for each class of quota (CDQ, CPO-IFQ, IFQ-A, IFQ-B, IFQ- C).

Report only the direct costs of acquiring CDQ or IFQ. Indirect costs (e.g., harvest cooperative fees) will be recorded in Section 6.1. If you did not acquire additional quota for one or more fishery, indicate N/A on that line.

Record the data for each CR fishery in which this catcher/processor participated. Leave the row blank for any fisheries in which the catcher/processor did not participate.
