ANNUAL CATCHER/PROCESSOR EDR

Introduction

This report collects information on Bering Sea and Aleutian Islands Management Area (BSAI) crab operations, including Western Alaska Community Development Quota Program (CDQ) crab fisheries. The fisheries are referred to as Crab Rationalization fisheries (CR fisheries). Pursuant to the legislation, the data and identifiers will also be used for program enforcement and determination of qualification for quota shares. Consequently, identifiers and data will be disclosed to NOAA Enforcement, NOAA General Counsel, the Antitrust Division of the Department of Justice, the Federal Trade Commission, and NOAA Restricted Access Management Program.

You have received this form because our records show that you are either the owner of a catcher/processor that participated in the BSAI crab fisheries in the past or were leased a catcher/processor that participated in the BSAI crab fisheries in the past. **You are required to submit the Certification Pages (pages 3 and 4) and any additional information requested in the Economic Data Report (EDR). Failure to submit an EDR form when required will result in delay in and/or denial of any and all crab permit applications.**

To make sure that each company is consistently and accurately completing the EDR, random audits will be performed by a qualified accountant on some of the EDRs for a subset of the crab fishery participants. This step will ensure that the data can be relied upon to produce accurate and reliable information for the Alaska crab fisheries.

Auditors will verify records by comparing specific elements of the report with your accounting records. To make this activity as efficient and non-intrusive as possible, we suggest that you:

1. Keep a copy of the completed EDR or certification pages you submit to the Data Collection Agent (DCA). Copy and attach extra sheets as needed.
2. Keep a file that has all of the supporting information used in the preparation of the EDR.
3. Make sure that the EDR agrees to the company's highest level of financial information. For this purpose, the highest level of financial information is defined in order as:
 - a. Audited financial statements
 - b. Reviewed financial statements
 - c. Compiled financial statements
 - d. Tax returns.

Record only whole numbers. Round up dollar figures to the next highest dollar.

If YOUR label address is incorrect or missing, please correct the error on the label or print your permanent name and address here.

Any owner or leaseholder of a catcher/processor during any period in the calendar year identified on the EDR in which the catcher/processor was used to process crab in a Crab Rationalization (CR) fishery must submit to the DCA, at the address provided on the form, an EDR for a catcher/processor. **If the owner or leaseholder of this vessel harvested but did not process any crab, a Catcher Vessel EDR may be submitted instead of this form.** A Catcher Vessel EDR form may be requested from Pacific States Marine Fisheries Commission at the address or phone number listed below.

Definition of “Leaseholder”: For the purpose of defining the persons responsible for submitting the EDR, a Leaseholder is a person, other than the owner of the catcher/processor for which the EDR is required, who: was identified as the leaseholder, in a written lease, of the catcher/processor, **OR** paid expenses of the catcher/processor, **OR** claimed expenses for the catcher/processor as a business expense on schedule C of his/her Federal Income Tax Return, or on a State Income Tax Return.

For further details on the definition of “Affiliation” please refer to the federal regulations at 50 CFR part 680.2. Sales for 200J would include sales of products produced and sold in 200J or sales from inventory (products that were harvested and processed in a prior year). Do not include product processed in 200J, but not sold during the calendar year (i.e. held in storage).

Species Code

Record the species code from Table B for each product sold in 200J. If multiple species were sold, record the information on a separate line.

Product Code

Record the product code from Table C for each product. If multiple products were sold, record the information for each product on a separate line.

Process Code

Record the process code from Table D for each product.

(1) If multiple processes were used during the year, record the information for each process on a separate line.

(2) If more than one of the following processes was used to create a specific product (such as brined and frozen crab, or cooked and frozen crab) you may enter more than one process code in the process code box for that product.

Crab Size

Record the crab size from Table E for each product. If different sizes of crab were packed separately for a given product form, record the total amount produced, by size, on separate lines.

Crab Grade

Record the crab grade from Table F for each product. If different grades of crab were packed separately for a given product form, record the total amount produced, by grade, on separate lines.

Box Size

Record the box size associated with each product. Indicate whether the box is in pounds or kilograms by checking the appropriate box, or indicate “Bulk” if production was in random weight units. If different box sizes were sold, record the total amount for each box size on separate lines.

Finished Pounds

Record the total pounds of each product sold.

FOB Alaska/Seattle Revenues

Record the amount you received for each product sold. Do not include any additional payment you received to cover any shipping, handling, or storage costs associated with the sale beyond the FOB port. Do not deduct any broker fees or taxes paid or royalties for IFQ/IPQ (we will ask you to report IFQ, taxes, and bait costs in other sections 3.2 and 7.1 of the EDR). Include any post-season adjustments received by the time of submitting this EDR, but do not report any payments not yet received as of this date. Report all IFQ held by the vessel owner or leaseholder and harvested or processed by this vessel. If some or all of the owner/leaseholder's IFQ was assigned to a harvest cooperative, report only the amount of the owners' assigned quota that was harvested on the vessel. Information about quota leased from other quota holders will be collected in Table 3.2.

CPO – IFQ Harvested: record the amount of this vessel owner/leaseholder's allocation of Catcher/Processor Owner (CPO) IFQ pounds harvested in the listed fishery.

IFQ A Harvested: record the amount of this vessel owner/leaseholder's allocation of IFQ A-class pounds harvested in the listed fishery.

IFQ B Harvested: record the amount of this vessel owner/leaseholder's allocation of IFQ B-class pounds harvested in the listed fishery.

IPQ Processed: record the amount of this vessel owner/leaseholder's allocation of IPQ pounds processed in the listed fishery

Owner Quota Transferred to other Vessels

Report pounds and lease revenue for all harvest and processor quota held by the vessel owner/leaseholder that was transferred to other entities (either through formal lease, coop assignment, or other agreement). If some or all of the IFQ was assigned to a harvest cooperative, report the pounds of the assigned quota that was harvested or processed by other cooperative members and report the quota royalties received from the coop.

If you had an arrangement under which you transferred your IFQ to another owner to harvest or process and paid them a percentage (for example, 30%) of the revenues from the quota, record the total pounds transferred and the total dollar amount of the revenue share (for example 70%) you received, for each class of quota (CDQ, CPO-IFQ, IFQ-A, IFQ-B).

NOTE: If you (the vessel owner/leaseholder) are submitting EDRs for more than one vessel, select one EDR to report all quota leased to other entities. Do not report quota used on your other vessel(s) unless royalties were exchanged, and do not report the same quota transfers on more than one EDR.

CPO – IFQ Transferred

Pounds: Record the number of pounds of this vessel owner's (or leaseholder's) allocation of CPO-IFQ transferred to other vessels in the listed fishery.

Revenue: Record total payment received from other vessels for use of the transferred CPO-IFQ pounds in the listed fishery.

IFQ A Transferred

Pounds: Record the number of pounds of this vessel owner's (or leaseholder's) allocation of IFQ-A transferred to other vessels in the listed fishery.

Revenue: Record total payment received from other vessels for use of the transferred IFQ-A pounds in the listed fishery.

Pounds: Record the number of pounds of this vessel owner's (or leaseholder's) allocation of IFQ-B transferred to other vessels in the listed fishery.

Revenue: Record total payment received from other vessels for use of the transferred IFQ-B pounds in the listed fishery.

IPQ Transferred

Pounds: Record the number of pounds of this vessel owner's (or leaseholder's) allocation of IPQ transferred to other processors in the listed fishery.

Revenue: Record total payment received from other processors for use of the transferred IPQ pounds in the listed fishery.

Record insurance premiums that cannot be attributed just to crab fishing in Section 7.2. If you belonged to an insurance pool for the BSAI crab fishery, record the net costs of being in the pool (deposits into the pool minus any dividends received).

b. Insurance Deductibles: include any insurance deductibles paid for accidents that occurred on the vessel during 2009. Exclude any repair or medical costs paid by the insurance claim (i.e., only list your out-of-pocket expense).

c. Crab Pots Purchased for Use in BSAI Crab Fishery, by Location: the total quantity and cost of crab pots purchased during 2009. Identify the location of the seller you purchased the pots from using the location codes listed below. Report costs of repair and maintenance of crab pots (including rebuilding in 7.1n. Report costs of pots used for commercial harvest of cod or other non-crab species in Section 7.2 b.

d. Line and Other Crab Gear Purchases, by location: the total expense on line, floats, and other fishing gear other than pots used in BSAI crab fishing. Identify the locations where you purchased these items using the location codes listed below.

e. Bait used in BSAI crab fishery, by type and location: the total quantity (in pounds) and cost of bait (by species) used in each listed CR fishery during the calendar year. Identify the locations where you purchased the bait using the location codes listed below. Do not include the cost of bait you caught or purchased prior to 2009.

f. Fuel, Lubrication, and Fluids Used in BSAI Crab Fishery, by location: record fuel purchases made for each of the BSAI CR fisheries. Identify the locations where you purchased fuel using the location codes listed below. Record the total quantity (**in gallons**) of fuel and the purchase cost including fuel taxes. Indicate in the check box if fuel purchase cost includes lubrication and fluids. Record fuel purchases in each fishery for the entire period in which you were fishing in, traveling to and from, and offloading during each CR fishery. Record fuel cost for transiting to and from your home port before and after the crab fishery in Table 7.2.

g. Food and Provisions for Crew: the total cost of these items consumed and used by the crew. Do not include any items that were paid for by crewmembers, either directly or withheld from their earnings.

h. Other Crew Costs: list additional expenses for crew and the associated costs that were paid by the vessel (for example, transportation costs, medical costs, payroll taxes, unemployment insurance, etc.). Do not include any items that were paid for by crewmembers, either directly or withheld from their earnings.

i. Processing and Packaging Materials, Equipment, and Supplies: the total cost of processing supplies (gear, knives, gloves, boots, etc.) and packaging materials (such as banding or strapping material, shrink-wrap, pallets, etc.) purchased for processing BSAI crab products on this vessel in 2009. 7. Vessel Costs**7.2 Annual Vessel Costs**

In Table 7.2, please record all of the following costs that were incurred for your vessel during the 2009 calendar year. Indicate if these costs were incurred for the BSAI crab fishery only by checking “Yes” under “Crab-only Cost”. Otherwise, check “No” and these costs will be averaged out over *all* your crab and non-crab activities during the year.

a. Investments in Vessel and Equipment: record total cost of improvements to plant and equipment for the year. This includes the costs of all assets that were financed or purchased using Capital Construction Fund monies during 2009 and will be depreciated for tax purposes. Do not include standard repairs and purchases that were paid for completely from 2009 income (record these in item 7.2b), and exclude investments made solely for non-crab fisheries. Identify the location of the seller you purchased the improvements from using the location codes listed below.

b. Repair and Maintenance (R&M) for Vessel and Equipment: record the repair and maintenance expenses for maintaining this vessel and repairing mechanical and physical problems with the vessel or equipment (exclude investment expenditures included in item 7.2a). Exclude expenses or repairs that result solely from non-crab fisheries. Do not include salaries of employees whose job is to perform R&M (include these costs in item 7.2.c). Identify the location of the seller you purchased the R&M goods and services from using the location codes listed below.

c. Number of Employees and Salaries for Foremen, Managers and other Employees: record the number of any additional vessel employees and the total payment for wages and salaries not included in direct labor costs reported in Section 4.

d. Insurance Premiums (Hull, Property and Indemnity, and Pollution): record the total costs of your annual insurance premiums for this vessel.

e. Fuel, Lubrication, and Fluids: record fuel purchases that were not incurred for fishing or processing during the BSAI crab season (for example, for transiting to and from home port to reach the Bering Sea before and after the crab fishing season). Identify the locations where you purchased the fuel using the location codes listed below. Record the total quantity (**in gallons**) of fuel; and the purchase cost including fuel taxes. Indicate in the check box if fuel purchase cost includes lubrication and fluids.

f. Other Vessel-specific Costs: record any other significant cost(s) that were incurred in order to harvest or process crab in the 2009 calendar year that were not included in Table 7.1 or elsewhere in Table 7.2). Please specify the nature of the expense(s). Do not list costs of permits or licenses.
