## HISTORICAL CATCHER/PROCESSOR EDR

### Introduction

This report collects information on Bering Sea and Aleutian Islands Management Area (BSAI) crab operations, including Western Alaska Community Development Quota Program (CDQ) crab fisheries. These fisheries are referred to as crab rationalization fisheries (CR fisheries). Pursuant to the legislation, the data and identifiers will also be used for program enforcement and determination of qualification for quota shares. Consequently, identifiers and data will be disclosed to NOAA Enforcement, NOAA General Counsel, the Antitrust Division of the Department of Justice, the Federal Trade Commission, and NOAA Restricted Access Management Program.

You have received this form because our records show that you are either the owner of a catcher/processor that participated in the BSAI crab fisheries in the past or were leased a catcher/processor that participated in the BSAI crab fisheries in the past. **You are required to submit the Certification Pages (pages 5 and 6) and any additional information requested in the EDR. Failure to submit an EDR form when required will result in delay in and/or acceptance of any and all crab permit applications.**

To make sure that each company is consistently and accurately completing the Economic Data Report (EDR), random audits will be performed by a qualified accountant on some of the EDRs for a subset of the crab fishery participants. This step will ensure that the data can be relied upon to produce accurate and reliable information for the Alaska crab fisheries.

Auditors will verify records by comparing specific elements of the report with your accounting records. To make this activity as efficient and non-intrusive as possible, we suggest that you:

1. Keep a copy of the completed EDR or certification pages you submit to the Data Collection Agent (DCA). Copy and attach extra sheets as needed.
2. Keep a file that has all of the supporting information used in the preparation of the EDR.
3. Make sure that the EDR agrees to the company's highest level of financial information. For this purpose, the highest level of financial information is defined in order as:
  - a. Audited financial statements
  - b. Reviewed financial statements
  - c. Compiled financial statements
  - d. Tax returns.

Record only whole numbers. Round up dollar figures to the next highest dollar.

- (2) Did not qualify for and receive QS, PQS, IFQ, or IPQ but are participants at any time since January 23, 2004, in the BSAI crab fisheries.

**Definition of "Leaseholder":** For the purpose of defining the persons responsible for submitting the EDR, a Leaseholder is a person, other than the owner of the catcher/processor for which the EDR is required, who: was identified as the leaseholder, in a written lease, of the catcher/processor, **OR** paid expenses of the catcher/processor, **OR** claimed expenses for the catcher/processor as a business expense on schedule C of his/her Federal Income Tax Return, or on a State Income Tax Return.

| <b>1.2 BSAI Crab Production</b>                              | Calendar year: |

**CR Fishery Code**

Record the code from Table 1 that corresponds to the crab CR fishery in which you participated. If you participated in more than one CR fishery, record information from each on a separate line.

**Raw Crab Pounds**

Record the number of raw crab pounds used in processing for each CR fishery code.

**Product Code**

Record the product code from Table 3c for each product. If multiple products were produced in a particular CR fishery, record the information for each product on a separate line.

**Process Code**

Record the process code from Table 4 for each product.

- (1) If multiple processes were used during a crab fishery, record the information for each process on a separate line.
- (2) If more than one of the following processes was used to create a specific product (such as brined and frozen crab, or cooked and frozen crab) you may enter more than one process code in the process code box for that product.

**Crab Size**

Record the crab size from Table 5 for each product. If different sizes of crab were packed separately for a given product form, record the total amount produced, by size, on separate lines.

**Crab Grade**

Record the crab grade from Table 6 for each product. If different grades of crab were packed separately for a given product form, record the total amount produced, by grade, on separate lines.

**Box Size**

Record the box size associated with each product. Circle whether the box is pounds or kilograms. If different box sizes were produced, record the total amount for each box size on a separate line.

**Finished Pounds**

Record the number of finished pounds produced for each product.

**Custom Processed (Yes or No)**

Record custom and non-custom processing activities on separate lines. If the recorded production was custom processing you did for another party, enter a "Y"; otherwise enter a "N."

**2.0 Labor Information****2.1 Crab Harvesting Labor Costs**

Calendar year:

Record the following information for harvesting crew if they harvest crab only, or harvest and process crab (but were paid a share based primarily on harvesting work). NOTE: Record crew that are paid primarily as crab processing labor in the **Processing Labor** section.

**CR Fishery Code**

Record the alphabetic code from Table 1 that corresponds to the crab CR fishery(ies) in which you participated. If you participated in more than one crab fishery, record information from each on a separate line.

**No. of Crew Earning Shares (excluding the captain):** Record the number of harvesting crew that were paid according to a share system. Exclude the captain.

**Total Crew Share Payment (excluding the captain):** Record the total payment made to harvesting crew (excluding the captain). List the amount actually paid to crew, *not* their earnings before crew-related expenses (such as food and provisions) were taken out.

**Captain's Share Payment:** Record the total payment made to the captain. List the amount actually paid to the captain, not his or her earnings before captain-related expenses (such as food and provisions) were taken out.

Record the alphabetic code from Table 1 that corresponds to the crab CR fishery in which you participated.

**No. of Crew with Pay Determined by Processing Work**

Except salaried employees, (include them in section 6.2c), record the total number of processing employees whose pay was determined primarily by their crab processing activities. Do not include crew listed in the harvesting labor information above.

**Average No. of Crab Processing Positions**

Enter the average number of employees engaged in crab processing on the days that you processed crab. This number may exceed the number of employees with pay determined by processing work if some of the harvesting crew assist in the processing operations.

**Total Processing Labor Payment**

Except salaried employees (include these costs in section 6.2c), record the total payment made to crab processing employees. List the amount actually paid to crew, not their earnings before crew-related expenses (such as food and provisions) were taken out.

| <b>3.0 BSAI Crab Custom Processing Done for You</b> | Calendar year: |
|---|----------------|

**CR fishery code**

Record the code from Table 1 for each CR fishery in which you participated for this calendar year. If you participated in more than one crab fishery, record information for each on separate lines.

**Raw Pounds Supplied to Custom Processors**

For each, record the number of raw crab pounds you supplied to the custom processor for processing on your behalf.

**Product Code**

Record the product code from Table 3c for each product. If multiple products were produced, record the information for each product on a separate line.

**Process Code**

Record the process code from Table 4 for each product.

- (1) If multiple processes were used during a crab fishery, record the information for each process on a separate line.
- (2) If more than one of the following processes was used to create a specific product (such as brined and frozen crab, or cooked and frozen crab) you may enter more than one process code in the process code box for that product.

**Crab Size**

Record the crab size from Table 5 for each product. If different sizes of crab were packed separately for a given product form, record the total amount produced, by size, on separate lines.

**Crab Grade**

Record the crab grade from Table 6 for each product. If different grades of crab were packed separately for a given product form, record the total amount produced, by grade, on separate lines.

**Box Size**

Record the box size associated with each product. Circle whether the box is pounds or kilograms. If different box sizes were produced, record the total amount for each box size on a separate line.

**Finished Pounds**

Record the number of finished pounds produced for each product.

**Processing Fee**

Record the payment made to custom processors for each crab product.

**4.0 BSAI Crab Costs**

**4.1 Raw Crab Purchases from Delivering Vessels**

Calendar year:

**CR fishery code**

Record the code from Table 1 for each CR fishery in which you participated for this calendar year. If you participated in more than one fishery, record information for each on separate lines.

**Crab Size**

Record the crab size from Table 5 for all crab purchases in each CR fishery. If different sizes of crab were purchased in a given CR fishery, record the total amount, by size, on separate lines.

**Crab Grade**

Record the crab grade from Table 6 for all crab purchases in each CR fishery. If different grades of crab were purchased in a given CR fishery, record the total amount, by grade, on separate lines.

**Raw Pounds Purchased**

Record the total pounds of raw crab purchased, by size and grade for each crab species.

**Gross Payment**

Record amount paid to fishers for raw crab purchased for each CR fishery. Include any post-season adjustments in the gross payment totals.

**For example:** The value of the crab was \$100,000. You paid \$98,000 to the fishermen and paid \$2,000 in taxes on their behalf. You would record a \$100,000 gross payment.
