## ANNUAL SHORESIDE PROCESSOR EDR

### Introduction

This report collects information on Bering Sea and Aleutian Islands Management Area (BSAI) crab operations, including Western Alaska Community Development Quota Program (CDQ) crab fisheries. These fisheries are referred to as Crab Rationalization fisheries (CR fisheries). Pursuant to the legislation, the data and identifiers will also be used for program enforcement and determination of qualification for quota shares. Consequently, identifiers and data will be disclosed to NOAA Enforcement, NOAA General Counsel, the Antitrust Division of the Department of Justice, the Federal Trade Commission, and NOAA Restricted Access Management Program.

You have received this form because our records show that you are either the owner of a shoreside processor that participated in the BSAI crab fisheries in the past or were leased a shoreside processor that participated in the BSAI crab fisheries in the past. **You are required to submit the Certification Pages (pages 3 and 4) and any additional information requested in the Economic Data Report (EDR). Failure to submit an EDR form when required will result in delay in and/or denial of any and all crab permit applications.**

To make sure that each company is consistently and accurately completing the EDR, random audits will be performed by a qualified accountant on some of the EDRs for a subset of the crab fishery participants. This step will ensure that the data can be relied upon to produce accurate and reliable information for the Alaska crab fisheries.

Auditors will verify records by comparing specific elements of the report with your accounting records. To make this activity as efficient and non-intrusive as possible, we suggest that you:

1. Keep a copy of the completed EDR or certification pages you submit to the Data Collection Agent (DCA). Copy and attach extra sheets as needed.
2. Keep a file that has all of the supporting information used in the preparation of the EDR.
3. Make sure that the EDR agrees to the company's highest level of financial information. For this purpose, the highest level of financial information is defined in order as:
  - a. Audited financial statements
  - b. Reviewed financial statements
  - c. Compiled financial statements
  - d. Tax returns.

Record only whole numbers. Round up dollar figures to the next highest dollar.

If YOUR label address is incorrect or missing, please correct the error on the label or print your permanent name and address here.

**NOTE:**

Any owner or leaseholder of a shoreside processor during any period in the calendar year identified on the EDR in which the processing facility was used to process crab in a Crab Rationalization (CR) fishery must submit to the DCA, at the address provided on the form, an EDR for a shoreside processor.

**Definition of "Leaseholder":** For the purpose of defining the persons responsible for submitting the EDR, a Leaseholder is a person, other than the owner of the processing facility for which the EDR is required, who: was identified as the leaseholder, in a written lease, of the processing facility, **OR** paid expenses of the processing facility, **OR** claimed expenses for the processing facility as a business expense on schedule C of his/her Federal Income Tax Return, or on a State Income Tax Return.

## 5. Raw Crab Purchases from Delivering Vessels

Record the following information on raw crab purchases from delivering vessels in tables below. Record information for each CR fishery in which raw crab was purchased. Leave the table blank for any fisheries in which no raw crab purchases were made.

### IFQ Type

Report raw crab purchases from each CR fishery by harvest quota type using the following type codes:

IFQ Type Code	Harvest Quota
A	A Class shares - CVO-IFQ and CPO-IFQ
B	B Class shares - CVO-IFQ and CPO-IFQ; CPO-IFQ; CDQ; and Adak WAG IFQ
C	C Class Shares - CVC-IFQ and CPC-IFQ

### Crab Size

Record the crab size from Table E for each species. If different sizes of crab were purchased in a CR fishery, record the amounts on separate lines.

### Crab Grade

Record the crab grade from Table F for each species. If different grades of crab were purchased, record the totals for each grade on separate lines.

### Raw Pounds Purchased

Record the total pounds of raw crab purchased, by size and grade for each crab species.

### Gross Payment

Record amount paid to fishers for raw crab purchased from each each crab IFQ type/size/grade combination. Gross payment includes the value of any taxes paid on behalf of delivering vessels. Include any post-season adjustments in the gross payment totals.
