

## Memorandum

Oregon Department of Fish and Wildlife

2040 SE Marine Science Drive

Newport, OR 97365

(541) 867-4741 Fax (541) 867-0311

Date: November 9, 2004  
To: Dungeness Crab Industry  
From: Keith Matteson  
Subject: Pre-Season softshell test results, first round completed

---

In partnership with the Oregon Dungeness Crab Commission, softshell testing was conducted at three of the six sampling locations off Oregon. The meat recovery rates for these samples are listed below. The meat recovery criteria to open the fishery on December 1 are 25% or higher south of Cascade Head and 23% or higher north of Cascade Head. Additional testing will be conducted in mid-November.

Astoria, Oct. 24:

Peter Iredale:	18.2%
Seaside:	19.3%

Garibaldi, Oct. 28:

Nehalem River:	21.0%
Netarts:	20.3%

Newport, Oct 23:

Cascade Head:	21.6%
Alsea Bay:	19.8%

Coos Bay, Nov. 8:

Winchester Bay	21.5%
Coos Bay	22.2%

Port Oford, Nov. 5:

The Heads	23.0%
Sisters Rocks	23.0%

Brookings, Oct. 23:

Pistol River:	23.0%
OR/CA Border:	23.7%
