

THOM H. JOHNSON
SNOW CREEK RESEARCH STATION
8594 HIGHWAY 101
PORT TOWNSEND, WA 98368

AGENDA FOR 1986 STEELHEAD TROUT RESEARCH/MANAGEMENT WORKSHOP

Held November 12-14 at Port Townsend, Washington

Sponsored by the Washington Department of Game
Peter Hahn, Coordinator

(Those names in parentheses are not confirmed for attendance.)
Tentative titles are in <> brackets.

WEDNESDAY AFTERNOON, NOVEMBER 12

"Keogh River steelhead life history." (Bruce Ward), BCME or Tautz or Slaney?

"Life history of the wild steelhead population in Snow Creek."
Randy Cooper, WDG

"Population characteristics and dynamics of wild steelhead trout in a
tributary to Lake Michigan, the Little Manistee River, Michigan."
Paul Seelbach, MDNR

"Vital statistics of the Clearwater River, Idaho steelhead
populations." Ted Bjornn, UI

<"An update to the genetics and relative performance of wild and
hatchery steelhead in the Kalama River, Washington."> Steve
Leider/Pat Hulett, WDG

"Inter-stream movement of juvenile steelhead in relation to mainstem
river conditions." Jeff Cedarholm, WDNR

THURSDAY NOVEMBER 13

"Drainage and discharge as predictions of smolt yield." Dale
Sebastian, BCME

"Estimating wild steelhead parr densities and spawning escapement needs
in the Salmon River, Idaho." Russ Thurow, IDFG

"Measuring steelhead spawning escapements; techniques for large and
small rivers. Applications." Bill Freymond, WDG

"Steelhead parr densities and potential parr production index (PPI) for
western Washington rivers." Thom Johnson, WDG

"Multi-river, standardized, steelhead stock recruitment analysis for setting escapement goals." Peter Hahn, WDG

"Oregon's Steelhead Plan - management basis and direction." Nancy MacHugh, ODFW

"Managing mixed hatchery and wild steelhead fisheries in Idaho." Russ Thurow, IDFG

"Steelhead stocks in Alaska: Status of our knowledge." Art Schmidt, AFG

"...Steelhead trout management & research in Wisconsin..." Brian Belonger, WDNR

"Telemetric studies of winter steelhead, Gold River: Implications for the management of wild stocks." Maurice G. Lirette, BCME

"Steelhead distribution, abundance, continent of origin, food and feeding in the North Pacific Ocean." Jeffrey Light, UWFR

FRIDAY MORNING NOVEMBER 14

"Instream movement and distribution of Karluk River steelhead." Tony Chatto, USFWS-AK

"The downstream movement of steelhead parr during the spring emigration of smolts from a small Kalama River tributary." John Loch, WDG

"Escapement of hatchery and wild steelhead and the return rate of hatchery steelhead in the Pysht River and Morse Creek, Washington." Thom Johnson, WDG

"Homing back to the rearing basin from smolts released out of system." Ken Kenaston, ODFW

"The effects of stocking presmolts on cutthroat populations in Elk Creek, Oregon." Mark Wade, ODFW

"Returns of steelhead smolts from varied stocking locations." Pat Slaney, BCME

"Impacts of substrate embeddness on salmonid rearing densities." Russ Thurow, IDFG

"Run reconstruction of Skeena River steelhead." Art Tautz, BCME
