1. Regarding section 3.4.5.2.1 which states, “Describe the steps and details of a common implementation plan including a standard timeline for completion.” – This doesn’t seem applicable to this solicitation. Can you please clarify which task the implementation plan relates to?

A: Since the work described in this solicitation is for ongoing IT support and is not a project that has a final deliverable, PSMFC agrees that a project timeline would not apply in this case. The RFP has been revised to remove this section.
