The next four questions ask you to choose which you like best between 3 things you can do while on a visit to Alaska: two different types of Alaska saltwater charter boat fishing experiences (Choice A and Choice B) or doing something else instead of Alaska saltwater charter boat fishing (Choice C). Choice A and Choice B may differ from fishing experiences you have had, but we would still like to know your opinions about them.

- In each question, assume the saltwater charter fishing experiences (Choice A and Choice B) are identical except for the differences you see in the table.
- Some trips may have **size restrictions** on the **halibut** that can be caught and kept. These are conservation measures to help maintain healthy fish stocks.
- Remember that money you spend on Choice A or Choice B is money that could instead be spent on other items and activities if you didn't go saltwater charter fishing in Alaska.

D4 Choice A, Choice B, and Choice C are described in the columns below. Below the columns, indicate which of these three choices you like best and which you like second best.

	Choice A	Choice B	Choice C
