### **Upper Cook Inlet Salmon Disaster Research**

#### **RFP Q&A**

Question 1: *Do you have a rough idea of about how many research projects this RFP is going to fund?*

No, it depends on the cost of the projects selected.

Question 2: *Do you need any detail in the budget for these Pre-Proposals or is a project total good enough?*

It is only necessary to include a total cost in the pre-proposal. A detailed budget will be required if selected to submit a full-proposal.

Question 3: *Is the 2018 ESSN and 2020 Upper Cook Inlet Set Net Fishery Disaster research proposals grant open for individual fishermen or is it open to organizations only?*

Although individuals generally aren't prohibited from submitting a proposal, since these are Federal grant funds the recipient must be able to follow the Federal regulations detailed under 2 CRF 200 that outline the administrative requirement recipients must adhere to as a recipient of Federal grant funds.

Question 4: *Are past data collection available for reimbursement for the grant?*

No, past data is not reimbursable.

Question 5: *Is there a funding match required by the applicant?*

No match is required.
